Kentucky Drinking Water Laboratory Certification Application/Invoice - 2015

Laboratories wishing to apply for Kentucky Drinking Water Laboratory Certification (or renew their current certification) must submit a completed application and associated analyte-method list. Mail both documents to Kentucky Division of Water (200 Fair Oaks Lane, 4th Floor; Frankfort, KY 40601) by February 15, 2015 to avoid late fees.

Items to download include:

- Drinking Water Laboratory Certification Application Package 2015
- Laboratory specific analyte list (Lists are sorted alphabetically)
- For new applications – use the Microbiology or Chemistry analyte-method list template

If you **Do Not** require any changes to your analyte list, make sure to print it out and write **No Changes**.

If you **Do** require changes to your analyte list, print it out and do the following:

- To remove an analyte method pairing, cross out the analyte method pairing with a single strike through and write remove on the side along with your initials and the date.
- To add an analyte method pairing, at the bottom/end of the list provide the necessary information to add the analyte method pairing (Analyte code, Contaminant, Reference Method, KY Method Code, MRL and units).

Other helpful items located on the Drinking Water website:

- Required Minimum Reporting Levels
- Approved Proficiency Test Providers
- Currently Approved Analyte Method Pairings
- DOC Worksheet
- Microbiological Analyst Requirements
- Microbiological Laboratory Startup Requirements
